

Want More Colors? Get More Colors With WESTAR!

SLF

Super Light Fast Sublimation Ink

Super Light Fast inks have 200% more light fastness compared to standard inks. SLF is rated as L7 on a blue wool test.

Colors

- CYAN
- MAGENTA
- YELLOW
- BLACK

SLF is the newest ink to join the Westar family. The Super Light Fast ink series is engineered for use on wide format piezo printers. This ink series is designed specifically to support the sublimation transfer process (Westar recommends Coldenhove paper). SLF has 200% more light fastness than traditional sublimation inks. If you would like to see the colors of your products last longer, and be more vibrant then we confidently recommend the new kid on the block...New Super Light Fast sublimation ink.

- Vibrant Exciting Colors
- Reliable Jetting
- Consistent Color
- Long Lasting
- Expansive Gamut
- No Better Lightfastness
- Stable
